"COPPER"  
Don't miss this big play about a big deal in copper. You'll enjoy the love interest, too, with Violet Meserian and William Garwood. Here's a play that will give you every sensation, touch every emotion and satisfy to the very end. An intense and absorbing play that will make you glad you saw it.

"THE DOMDAY BUDDAH"  
A three reel larp drama. This story was written by John B. Clymer. A pleasing novelty in the development of this story. A story that retains the interest throughout.

If you want to see a variety program come tonight. Some show. Ask your neighbor how the show was last night. Paramount will be Monday—  
"Snooze". My house is air cooled, plenty of ventilation. I have the best music—a Rudolph Wurlitzer 25 piece orchestra, and a man that can handle it. Plenty of Shavano Springs ice water to drink. Stop in, ladies, and rest, keep cool, see a good show while out shopping.

### A GOOD HOUSEHOLD SALVE.

Blood poison has resulted from a pinprick or scratch. For all such ailments Bucklen's Arnica Salve is excellent. It protects and heals the hurt; is antiseptic. It is infection and prevents dangerous complications. Good for all skin blemishes, pimples, salt rheum, eczema. Get an original two ounce 25c box from your druggist.—Adv. d&w

### The Telephone.

The accredited inventor of the telephone is Alexander Graham Bell. It is inevitable that in practically every great scientific invention various persons have had various kinds of "first ideas," some of them never carried out at all, others contributory to the working out of the invention in some way or another. Science follows the inviolable custom, however, of crediting and accepting as the inventor the man who has really succeeded in making the invention practicable and bringing it to an actual achievement. It is of course impossible to tell how many men may have had ideas more or less similar to Bell's or to those of any men who have succeeded in great inventions.

## DAILY EXPRESS ICE BLANKET

To its many subscribers, old and new, the Daily Express is offering a most unique premium that should at once become popular in every home in Chickasha where there is a refrigerator or ice box. The blanket is made of vegetable parchment, is thoroughly sanitary, and its value lies in the fact that it excludes heat from the outside and retains the cold air beneath. Just place the blanket loose over exposed side of ice, top or front, tucking the edges in. It will keep the outside warm air from coming in contact with the ice and save one half, and will not decrease refrigeration. The blanket is not porous so it will not become musty or strong smelling, won't dissolve or go to pieces when wet, so you need have no fear of clogging the drain pipe. Don't use any more porous, unsanitary cloths, burlap sacks or newspapers on your ice.

The only consideration necessary to secure one of these blankets, is to pay one month's subscription in advance to the Daily Express—forty cents—and our solicitor, or collectors, and you one of the blankets may be obtained on the same terms at the Daily Express office.

If you do not desire to advance your subscription one month, the ice blanket may be bought at this office. Price 10 cents.
